

Bipolar Disorder and Borderline Personality Disorder: Clearing the Confusion

Dr. Cherry Jackson

Wednesday, October 5, 2022 at 12pm-1pm CT via Zoom

PROGRAM OVERVIEW

Researchers and clinicians differ on the distinctiveness of bipolar disorder (BPAD) and borderline personality disorder (BPD) and there is concern about misdiagnosis due to symptom overlap despite general agreement that BPAD and BPD are distinct diagnostic entities. Treatment for these two disorders differ dramatically, and misdiagnosis can lead to struggles to treat BPD appropriately. The registration fee for this program is \$25.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1.0 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>.

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization.
