Osteoporosis Management: To EVENITY & BEYOND

Dr. Wendy Zheng

May 5, 2022 - 12 pm CT

PROGRAM OVERVIEW

When thinking of a stereotypical patient with osteoporosis, the mind thinks of the elderly female population. However, osteoporosis is a disease that can affect both the male and female population. This disease can be preventable and manageable but appropriate screening for osteoporosis is not done in the healthcare system. This CE presentation's main focus is to present information on the appropriate screening, diagnostic, and treatment measures available. The registration fee for this program is FREE.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1.0 ACPE Contact Hours, .01 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>. **This program is also approved by ACPE.**

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.
