Category X: Out with the Old, In with the New Pregnancy and Lactation Labeling

Dr. Lea Eiland

Recorded Webinar

TARGET AUDIENCE

This knowledge-based program is intended for Pharmacists (ACPE), Nurses (ABN), Social Workers (ABSWE).

LEARNING OBJECTIVES

- Interpret current US Food and Drug Administration (FDA) medication labeling for pregnancy and lactation.
- Describe the rationale for discontinuing the FDA pregnancy category ratings.
- Identify at least two drug information resources to answer medication questions related to pregnancy and/or lactation.
- Compare and contrast drug information resources for medication use in pregnancy and/or breastfeeding.

PROGRAM OVERVIEW

This presentation will summarize the FDA Pregnancy and Lactation Labeling Rule approved December 2014 which was fully implemented 2020. Many practitioners are still unaware of the changes in labeling of medications for use in patients who are pregnant or lactating. It is imperative they understand how to interpret the new labeling and where to find appropriate resources for this information. The pro and cons of pregnancy and lactation content in current drug information resources will be reviewed.

The registration fee for this program is \$25 (or is part of the \$100 Live @ Lunch subscription).

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .01 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>. **This program is also approved by ACPE.**

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.
