2023 Consultant Pharmacist Certification: Medication Management for the Older Adult - Webinar

Drs. Hutchison, Osmonson & Phillippe

July 14, 2023 - 1:00 pm – 5:00 pm & July 15, 2023 – 8 am-12 pm

PROGRAM OVERVIEW

This program is for pharmacists seeking to secure their initial Consultant Certification. This CE program will cover basics related to providing care to older adult patients and the rules and regulations surrounding care of patients in long-term care facilities, as well as focus on disease states and medications that impact the older adult. All 8 hours of programming are approved by the Alabama Board of Pharmacy for consultant credit hours as well as ACPE credit hours.

The registration fee for this program is \$275.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. This program is approved for **8 ACPE Contact Hours, .8 CEUs**. Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>.

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization.

TARGET AUDIENCE

This application-based program is intended for Pharmacists (ACPE).

LEARNING OBJECTIVES

- Recognize common age-related changes affecting medication management in older adults.
- Define deprescribing as it relates to medication use in older adults.
- Identify resources for appropriate prescribing of medications in older adults, including tools for deprescribing.
- Apply principles of age-related changes and appropriate medication use fundamentals to a patient case.
- Summarize the requirements for consultant licensure for the Alabama Board of Pharmacy.
- Identify pharmacy-related regulations in CMS Appendix PP - Guidance to Surveyors for Long-Term Care Facilities.
- Describe the role and responsibilities of the pharmacist in the components of medication provision, management, security, and assessment in Long Term Care facilities.
- Outline pharmacist involvement in medication pass evaluations.
- Utilizing knowledge of age-related changes in older adults and CMS requirements of pharmacists, appropriately make recommendations for medication management when given a patient case.
- Explain the process of bone remodeling and the role of calcium and vitamin D, along with risk factors for developing osteoporosis.
- Interpret T-score and FRAX score to determine the diagnosis of osteoporosis and if treatment is indicated.
- Given a patient with osteoporosis, develop an evidence-based therapeutic plan.
- Review recommended glycemic goals, treatment options, and outcome data for older adults with type 2 diabetes.
- Discuss the time to benefit for intensive glycemic control and glucose-lowering therapies for microvascular and macrovascular outcomes.
- Recognize the appropriate use and application of the American Geriatrics Society Beers Criteria, applying changes between 2019 and 2023 versions.
- Given a patient case, determine therapeutic recommendations based on the application of the AGS Beers Criteria.
- Identify characteristics, benefits, and risks of dual antiplatelet therapy (DAPT), including potential candidates for shortened duration of DAPT after PCI
- Review current recommendations for use of DAPT in acute coronary syndrome (ACS) following percutaneous coronary intervention (PCI).

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, attend the live Zoom webinar, successfully complete the initial consultant licensure exam, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss since commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience.

Faculty disclosures will also be included on an introductory slide during the presentation. Drs. Hutchison, Phillippe & Osmonson have no actual or potential conflict of interest in relation to this program.

ACCREDITATION INFORMATION

The Auburn University Harrison School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this application-based program is 0001-0000-23-032-LO1-P and is intended for pharmacists.

PROGRAM FACULTY

Dr. Amber Hutchison is a 2007 graduate of Auburn University Harrison College of Pharmacy. She is currently an Associate Clinical Professor at HCOP, serving as a skills lab coordinator in the

second and third professional years. Her practice site is at the Skilled Nursing Facility at East Alabama Medical Center and is an internal medicine preceptor for fourth-year pharmacy students.

[Amber Hutchison CV](#)

Dr. Alyssa Osmonson, PharmD, BCPS is a Clinical Pharmacy Specialist in cardiology at Princeton Baptist Medical Center in Birmingham, Alabama. Originally from Dothan, Alabama, Alyssa completed her pre-pharmacy coursework at Auburn University and graduated with her Doctor of Pharmacy from the Harrison College of Pharmacy in 2019. After graduation, she moved to Birmingham, Alabama, where she completed both a pharmacy practice residency and a specialty residency in adult internal medicine at Princeton Baptist Medical Center.

[Alyssa Osmonson CV](#)

Dr. Haley M. Phillippe, Pharm.D., BCPS, BCGP, FASCP is an Associate Clinical Professor of Pharmacy Practice with Auburn University Harrison School of Pharmacy (HSOP) and Clinical Associate Professor of Family Medicine with the University of Alabama School of Medicine, Huntsville Campus. Her practice site is a large family medicine center, where she provides disease state management and pharmacotherapy services to patients, and actively educates medical residents, medical students, pharmacy residents, and pharmacy students.

Dr. Phillippe also has more than 10 years of practice experience in skilled nursing facilities. Her professional interests include geriatrics, anticoagulation, diabetes, transitions of care, and drugs of abuse.
