

Kristen Augustina Korankyi

Auburn University Harrison College of Pharmacy
 Department of Pharmacy Practice (Mobile Campus)
 650 Clinic Drive, Suite 2100
 Mobile, AL 36695

Office: 251-445-9312 | Email: kak0120@auburn.edu | ORCID: 0009-0009-5742-7498

Academic Appointments

Assistant Clinical Professor, Department of Pharmacy Practice (Primary) Harrison College of Pharmacy	August 2023 - Present Mobile, AL
Adjunct Assistant Professor, Department of Family Medicine (Secondary) University of South Alabama College of Medicine	October 2023 - Present Mobile, AL

Professional Licensure

Registered Pharmacist, Alabama State Board of Pharmacy License Number: 23320	October 2023 - Present
Registered Pharmacist, Wisconsin Department of Safety and Professional Services License Number: 21152-40	September 2021 - Present

Training and Education

PGY1 Pharmacy Practice and Academic Leadership Resident Concordia University Wisconsin	July 2021 - June 2023 Mequon, WI
Master of Science in Education, Teaching and Learning Concordia University Wisconsin	May 2023 Mequon, WI
Doctor of Pharmacy High Point University Fred Wilson School of Pharmacy	May 2021 High Point, NC
Undergraduate Studies, Pre-Pharmacy High Point University	August 2015 - May 2017 High Point, NC

Certifications

American Heart Association Basic Life Support for Providers Certification	October 2023 - October 2025
Mental Health First Aid (MHFA) USA Certificate	May 2023 - May 2026
American Pharmacists Association (APhA) Pharmacy Based Immunization Certificate	November 2017 - Present

Certifications, Continued

College Reading and Learning Association (CRLA) Tutor Training Certification: Level 1, Level 2, Level 3 April 2017 - Present

Honors and Awards

AACP Annual Meeting Trainee Poster Competition Finalist May 2022

APPE Community Pharmacy Practice Award May 2021
Fred Wilson School of Pharmacy

High Point University, May 2020
Fred Wilson School of Pharmacy Honor Society

Walmart Associate Scholarship October 2019 - Present
Walmart Scholar Renewable Scholarship

High Point University Presidential Scholar August 2015 - May 2019
Scholarship: Presidential Fellow

Extraordinary Leader Award February 2019
High Point University

Tylenol Future Care Scholarship Semifinalist July 2018

High Point University, August 2017 - May 2021
Fred Wilson School of Pharmacy Dean's List
(Graduate, all semesters)

High Point University Dean's List December 2015 - May 2017
High Point University (Undergraduate, all semesters)

Professional Clinical Pharmacy Experience, Outreach

Ambulatory Care Clinical Pharmacist November 2023 - Present
USA Family Medicine in Partnership with Accordia Health Mobile, AL

Professional Academic Teaching Experience

Harrison College of Pharmacy, Doctor of Pharmacy Program

Integrated Learning Experience (ILE-9) IX, PYPD 9280, 6 Credits, Required September 2023 - Present

- Inflammatory Bowel Disease, 3 hours, 1 teaching day

Integrated Learning Experience (ILE-11) XI, PYPD 9300, 6 Credits, Required February 2024 - Present

- Migraines, 6 hours, 2 teaching days

University of South Alabama, Department of Family Medicine

Noon Conference

- Long Acting Injectables, 1 hour October 2023

Residency Longitudinal Clinical Pharmacy Experiences

Lakeshore Community Health Care

July 2022 - June 2023

Preceptor: Dr. Christa Wilson, PharmD (Director of Pharmacy)

Sheboygan, WI

- Administer Pfizer and Moderna COVID-19 booster vaccinations to patients at Lakeshore Pharmacy
- Serve as co-coordinator and medical team leader for the chronic disease state management program
 - Interprofessional collaboration between Lakeshore Community Health Care and the Northeastern Wisconsin Area Health Education Center
 - Involves students of the following disciplines: physician assistant, nurse practitioner, medical assistant, dietician, social work, and pharmacy
 - Assists patients with uncontrolled diabetes to meet their goal hemoglobin A1c in 3 months with individualized care and heart healthy meals
- Participate in providing telehealth and in person clinical pharmacy services to 3-4 patients per day for hypertension and diabetes management
- Perform pharmacist duties including prescription verification, counseling, and filling over 100 prescriptions per day as needed by Director of Pharmacy

Progressive Community Health Centers

July 2021 - July 2022

Preceptor: Dr. Francesca Napolitano Johnson, PharmD, M.Ed.

Milwaukee, WI

- Provided interpersonal clinical pharmacy services for 10-15 patients per day with chronic diseases (hypertension, dyslipidemia, diabetes, smoking cessation) improving personal patient satisfaction and 80% of patients were able to achieve a goal A1c of 7% or lower
- Educated physicians, nurse practitioners, and other members of the healthcare team on relevant medication updates using PowerPoint presentations during provider meetings and through email communication which increased referrals and consults from providers for patients, especially those with pancreatic insufficiency
- Contributed to enhancing safety of the medication use process through evaluating non-selective beta-blockers in patients with asthma and COPD through the creation of a medication use evaluation, resulting in the implementation of an asthma/COPD protocol
- Precepted two ambulatory care APPE students on rotation who were able to secure clinical and community pharmacy positions post-graduation

Residency Teaching Experiences

Concordia University Wisconsin School of Pharmacy

P1 Immunization Course Facilitator

Fall 2022 Semester

- Served as pharmacist facilitator ensuring that immunization technique was assessed appropriately

Medical Literature Evaluation I, PHAR 460, 2 Credits, Required

Fall 2022 Semester

- Journal Club Facilitator
- Correlation and Regression Lecture

Pharmacy and the Underserved, PHAR 547, 2 Credits, Elective

Fall 2022 Semester

- “Understanding urban underserved patients from a social determinants of health perspective” Lecture

Applied Patient Care Lab VI, PHAR 572, 2 Credits, Required

Spring 2022 & Spring 2023 Semester

- Assessed pharmacy student practice skills in handling a variety of complex patient cases that encompass a variety of pharmacotherapy topics learned throughout the entire pharmacotherapy series

Pharmacotherapy III, PHAR 452, 4 Credits, Required

Spring 2022 & Spring 2023 Semester

- Pulmonary Unit Coordinator
- Pulmonary Assessment Lecture
- Asthma Lecture

Residency Teaching Experiences, Continued

Concordia University Wisconsin School of Pharmacy

Applied Patient Care Lab II, PHAR 372, 2 Credits, Required

Spring 2022 Semester

- Assessed pharmacy student practice skills in the following areas including new medication counseling, provider communication using SBAR, and written drug information responses.

Applied Patient Care Lab I, PHAR 370, 2 Credits, Required

Fall 2021 & Fall 2022 Semester

- Provided didactic lecturing for both sections of lab during the Drug Information Unit. Lecture included an interactive sorting activity for students to practice formulating a drug information response along with four formal drug information responses that were formative assessments throughout the semester.
- Developed and coordinated the Current Events Unit for both sections of the lab. Students were assigned current medication topics and practiced their presentation skills through formative assessment.

Applied Patient Care Lab V, PHAR 570, 2 Credits, Required

Fall 2021 & Fall 2022 Semester

- Assessed pharmacy student practice skills in the following pharmacotherapy areas: pulmonary disorders, mental health, and pain management.

Ambulatory Care Pharmacy Practice, PHAR 559, 2 Credits, Elective

Fall 2021 Semester

- Relationship Marketing Lecture

Concordia University Wisconsin Nursing Program

Interprofessional Education Nurse Practitioner Program

Fall 2021 & Spring 2022 Semester

- Delivered an introduction to the role of a pharmacist in the form of a virtual presentation to current nurse practitioner students enrolled at Concordia University Wisconsin
- Coordinated case discussions on depression and antibiotic dosing with nurse practitioner students enrolled at Concordia University Wisconsin

Concordia University Wisconsin Physician Assistant Studies

Interprofessional Education, PHAS 526, 5 Credits, Required

Fall 2021 Semester

- Served as pharmacist facilitator for interactive diabetes case workshop with physician assistant students enrolled at Concordia University Wisconsin

Research Experience

Bringing Collaborative Care to Patients: A report on a novel, interprofessional, in-home chronic disease management program in an underserved Wisconsin Community

**August 2022 - Present
Mequon, WI**

Primary Author: Kristen Korankyi, PharmD

- Led a team of interprofessional practitioners and students in managing chronic disease states, diabetes, hypertension, and hyperlipidemia

Measuring professional confidence and growth mindset in first-year pharmacy students' drug information responses

**August 2021 - Present
Mequon, WI**

Primary Author: Kristen Korankyi, PharmD

Collaborators: Beth Buckley, PharmD, CDCES; Wayne Thompson, Ph.D.

- Determine the role confidence and growth mindset play in first-year pharmacy students' development of the pharmacy practice skill of drug information
- Presented the findings at the July 2022 American Association of Colleges of Pharmacy (AACP) meeting

Research Experience, Continued

Impact of a pandemic on resilience levels within a health-system pharmacy

July 2020 - June 2021

Primary Author: Kristen Korankyi, High Point University PharmD Candidate 2021

Winston-Salem, NC

Collaborators: Docia Okai, Wingate University PharmD Candidate 2021; Shannon Kraus, PharmD, MS, BCPS

- Researched the impact of COVID-19 on resilience and burnout in pharmacy staff members within the Wake Forest Baptist Health system
- Developed and distributed 41 targeted questions through REDCap survey based on validated instruments for measuring burnout/resilience (Well-Being Index and Copenhagen Burnout Inventory) and depression (Patient Health Questionnaire-9)
- Analyzed data to determine the current state of resilience among the pharmacy staff and ways resilience could be better promoted throughout the health system
- Presented poster on findings at December 2020 American Society of Health System Pharmacy (ASHP) Midyear Clinical Meeting and developed/submitted manuscript for publication to *American Journal of Health-System Pharmacy* (AJHP)

Discovering Genetic Aspects of Cell Wall Synthesis in *Staphylococcus Aureus*

May 2016 - April 2021

Research Advisor: Dr. Aurijit Sarkar

High Point, NC

Assistant Professor, Department of Basic Pharmaceutical Sciences

Wilson School of Pharmacy, High Point University

- Assisted in the microbiological aspect of drug discovery research as it relates to *Staphylococcus aureus*
- Examined the chemical structure within the cell wall of *Staphylococcus aureus*, and observed chemical functional groups of molecules that attack the cell wall
- Utilized/learned skills related to quantitative polymerase chain reaction to examine cell wall structure

Using Aspects of Sexual Dimorphism to Examine Bee's Wings and Flight Capacity

October 2015 - April 2016

Research Advisor: Dr. Cindy Viguiera

High Point, NC

Associate Professor, Department of Biology, High Point University

- Utilized information learned in undergraduate biology classes to determine if bees possessed different flight capacities based on sex: male or female
- Collaborated with a senior undergraduate student to dry and measure bee's wings of various bees (both male and female) using online software, TPS DIG and Photoshop
- Presented findings at the Association of Southeastern Biologist's Spring 2016 Conference in Charlotte, NC

Presentations

National Presentations

Korankyi, KA, Buckley, B, Thompson, W. *Measuring professional confidence and growth mindset in first-year Pharmacy students' drug information responses*. American Association of Colleges of Pharmacy Annual Meeting. Grapevine, TX, July 2022.

- Presented research poster to members of pharmacy profession during AACP annual meeting

Regional Presentations

Korankyi, KA. *Integrating interprofessional collaboration into an ambulatory care pharmacy service in a Federally Qualified Health Center (FQHC)*. Pharmacy Society of Wisconsin Educational Meeting. Madison, WI, April 2023.

- Presented a 30-minute ACPE continuing education on the steps use to implement a novel ambulatory care service within a FQHC to pharmacy practice clinicians and affiliates

Presentations, Continued

Local Presentations

Korankyi, KA, Rauenhorst, K. *Classroom Engagement: It's What You Media!* Concordia University Wisconsin School of Pharmacy Department Meeting. Mequon, WI, December 2022. ACPE# 0643-0000-22-015-L99-P

- Presented a 2-hour ACPE continuing education on multimedia principles and resources for use within pharmacy education during a department of pharmacy practice development day

Korankyi, KA. *Breathing is not a LOLing matter: A medication use evaluation. Progressive Community Health Centers Provider In-Service. Milwaukee, WI, March 2022.*

- Presented on a medication use evaluation on use of non-selective beta blockers in patients with asthma and COPD at Progressive Community Health Centers

Korankyi, KA. *The role of Zenpep and Creon in Pancreatic Insufficiency. Progressive Community Health Centers Provider In-Service. Milwaukee, WI, September 2021.*

- Presented a clinical pearl on the use of pancreatic enzyme replacement in patients with diabetes to clinic administrators and providers

Korankyi, KA. *I Quit! A racial take on smoking cessation. Concordia University Wisconsin Residency Journal Club. Mequon, WI, August 2021.*

- Led a journal club on the use of smoking cessation agents in the African American population presented to pharmacist preceptors

Refereed Abstracts and Publications

Korankyi, KA, Busch, H, Kuerschner, D, Verdegan, R, Thompson, W, Oldani, M. Bringing Collaborative Care to Patients: A report on a novel, interprofessional, in-home chronic disease management program in an underserved Wisconsin Community. *Journal of Interprofessional Care*. [Submitted November 2023].

Korankyi, KA, Buckley, B. Measuring professional confidence and growth mindset in first-year pharmacy students' drug information responses. *American Journal of Pharmaceutical Education*. 2022;86(5): 626.
