# Sterile Compounding Review for ALBOP Recertification

2024

Dr. Steve Milstead

Recorded Webinar

## PROGRAM OVERVIEW

This 2-hour recorded CE is on the topic of sterile compounding of non-hazardous and hazardous drugs and aims to fulfill the requirements for the Alabama State Board of Pharmacy for recertification for pharmacists involved in parenteral compounding. **This program has been approved by the ALBOP for continuing education didactic renewal requirements for pharmacists certified in sterile compounding. To fully comply with the ALBOP sterile compounding renewal requirements for both didactic and practical components, participants must complete their practical component outside of this program offering. Results from fingertip/ media fill tests will fulfill the practical component requirement.** The registration fee for this program is \$50.

Following registration, participants will have access to course instructions, presentations, recorded webinar, program evaluation, CE certificates and credits, etc. **This program is approved for 2.0 ACPE Contact Hours, .2 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at

<http://nabp.pharmacy>

*The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.*

*This program is not sponsored by an external organization.*

# TARGET AUDIENCE

This knowledge-based program is intended for Pharmacists (ACPE) and Pharmacy Technicians (ACPE).

# LEARNING OBJECTIVES

- 1) Understand how facility build contributes to the cleanliness of controlled environments
- 2) Distinguish between compounding Categories and assign appropriate BUD
- 3) Describe the basics of cleaning and disinfection of controlled environments
- 4) Know how to introduce components into controlled environments
- 5) Explain proper garbing and hand hygiene
- 6) Explain the different elements of the garbing process for sterile hazardous drug compounding
- 7) Describe the unique requirement for sterile compounding of hazardous drugs

# ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, view the recorded Zoom webinar, complete the quiz and program evaluation within the online course, and claim credit within the course. Please contact [hcopce@auburn.edu](mailto:hcopce@auburn.edu) if you have any questions or needs related to this online CE program.

# FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Dr. Milstead has no actual or potential conflict of interest in relation to this program.

# ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is 0001-0000-24-038-H07-P/T and is intended for pharmacists and pharmacy technicians.

The initial release date for this home-study program is September 19, 2024 and the intended expiration date is September 17, 2027.

# PROGRAM FACULTY

**Steve Milstead**, PharmD, BCSCP works at Grandview Medical Center in Birmingham, AL as the Operational Supervisor over compounding of sterile and non-sterile drugs and as the coordinator over hazardous drugs and the Founder of Soigner Solutions. Steve is also serving a two-year appointment on the inaugural SCXP Pharmacy Stars Sterile Compounding Expert Panel. Steve received his Doctor of Pharmacy from McWhorter School of Pharmacy and is Board Certified in Sterile Compounding by BPS. He holds two additional degrees, from Sorbonne University in Paris, France and from Samford University in Birmingham, AL..

# TECHNOLOGY REQUIREMENTS

Please make arrangements to have access to a computer that has good audio/visual capabilities and a steady internet connection.

# POST-GRADUATE EDUCATION ADVISORY COMMITTEE

Spencer Durham, Pharm.D., BCPS, BCIDP  
Associate Clinical Professor, Director of Alumni & Professional Affairs

Jack DeRuiter, Ph.D.  
Alumni Professor, Drug Discovery and Development

Natalie Hohmann, Pharm.D., Ph.D.  
Alumni Professor, Drug Discovery and Development

Amal Kaddoumi, Ph.D.  
Professor, Drug Discovery and Development

Erika Kleppinger, Pharm.D., BCPS  
Associate Clinical Professor, Pharmacy Practice

Kristen Korankyi, Pharm.D.  
Assistant Clinical Professor, Pharmacy Practice

Amit Mitra, Ph.D.  
Assistant Professor, Drug Discovery and Development

Sylvia Rogers, Ph.D.  
Senior Instructional Designer, Faculty Affairs and Strategic Initiatives

Brianna Foster  
Program Administrator, Alumni and Professional Affairs

Tanja Redd, MBA, Ph.D.  
Program Coordinator, Alumni and Professional Affairs

Members of the Post-Graduate Education Advisory Committee have completed a conflict-of-interest disclosure form and have no actual or potential conflicts of interest in relation to this program.
