Buprenorphine for Opioid Use Disorder: Clinical Effectiveness, Safety, and Access

Dr. Luke Engeriser

August 12, 2026 12pm – 1pm CT

PROGRAM OVERVIEW

Buprenorphine is a cornerstone medication for the treatment of opioid use disorder (OUD) and plays a critical role in reducing overdose risk and improving treatment retention. This session provides an overview of buprenorphine's pharmacology, effectiveness, and role within evidence-based OUD treatment. Participants will review initiation strategies, maintenance therapy, and considerations for special populations. The session will also explore safety issues, diversion concerns, stigma, regulatory changes, and interdisciplinary collaboration to improve patient access and outcomes.

The registration fee for this program is Free

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy>

The Office of Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization and no commercial support has been received for this activity.

TARGET AUDIENCE

This application-based course is intended for Pharmacists (ACPE), Pharmacy Technicians (ACPE), Physicians (ACCME), Physician Assistants (ACCME), Nurse Practitioners (ABN), Dentists (AL board approval), Nurses (ABN), Social Workers (ABSWE).

LEARNING OBJECTIVES

At the conclusion of this session, participants will be able to:

- Describe the mechanism of action and therapeutic benefits of buprenorphine in the treatment of opioid use disorder.
- Identify best practices for initiating and maintaining buprenorphine therapy in diverse clinical settings.
- Recognize safety considerations, contraindications, and strategies to reduce misuse and diversion.
- Discuss regulatory requirements, stigma-related barriers, and system-level factors affecting access to buprenorphine treatment

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, attend the live Zoom webinar, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

TECHNOLOGY REQUIREMENTS

Participants are encouraged to secure a direct connection for all webinar programming. Please arrange for access to a computer with stable internet connection and Zoom capabilities. This program will be conducted via Zoom and includes interactive components.

If you're a new participant, we have a quick start guide here: <https://aub.ie/zoomquickstart>.

ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is **0001-9999-26-005-Lo8-P** and is intended for Pharmacists (ACPE), Physicians (ACCME), Physician Assistants (ACCME), Nurse Practitioners (ABN), Nurses (ABN), Dentists (AL board approval), and Social Workers (ABSWE).

ABN - Auburn University Harrison College of Pharmacy is a Board-approved provider of continuing nursing education in Alabama by the Alabama Board of Nursing. Provider Number: ABNP1515.

ABSWE - Auburn University Harrison College of Pharmacy is a Board-approved provider of continuing education for social workers by the Alabama Board of Social Work Examiners. Provider Number: 0643.
