Gas Station Drugs: Emerging Substances, Hidden Risks, and Community Impact

Dr. Luke Engeriser

April 8, 2026 @ 12 pm -1 pm

PROGRAM OVERVIEW

The sale of unregulated and often mislabeled substances-commonly referred to as “gas station drugs”- has expanded rapidly in convenience stores and vape shops. Marketed as legal alternatives or wellness products, these substances often contain psychoactive ingredients that pose significant risks to physical and mental health. This webinar will examine the examine the evolving landscape of gas station drugs.

The registration fee for this program is: Free

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner’s CPE Monitor profile at <http://nabp.pharmacy>. ***This program is also approved by ABN, ABSWE, ACCME, and BDEA.***

The Office of Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization, and no commercial support has been received for this activity.

TARGET AUDIENCE

This application-based course is intended for Pharmacists (ACPE), Physicians (ACCME), Physician Assistants (ACCME), Nurse Practitioners (ABN), Nurses (ABN), Dentists (AL board approval), and Social Workers (ABSWE).

LEARNING OBJECTIVES

At the completion of this activity, the participant will be able to:

1. Define "gas station drugs" and identify commonly encountered unregulated substances sold in convenience store settings.
2. Describe common types of gas station drugs and their associated pharmacological and behavioral risks.
3. Identify clinical, behavioral, and social indicators of misuse related to emerging and unregulated substances.
4. Discuss legal, regulatory, and public health considerations related to unregulated drug sales.
5. Apply appropriate assessment and counseling approaches when patients report using or considering these substances.

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, attend the live Zoom webinar, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider, and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Dr. Engeriser and others in control of content have no actual or potential conflict of interest in relation to this program.
