28th IQVIA Controlled Substances and State Regulatory Conference- Compounding Controlled Substances: Avoiding Regulatory Pitfalls and Compliance Gaps

Deepika Nayyar & Karla Palmer

September 17, 2026

Scottsdale Arizona

3:30 pm– 4:30 pm CT

PROGRAM OVERVIEW

Compounding medications is an everyday occurrence in most pharmacies, but there are extra precautions that have to be taken when you compound controlled substances. This session discusses processes you should have for controlled substance compounding in your facility as well when using external compounding pharmacies, as well as reviewing the DEA's stance on several key compounding topics

The registration fee for this program is Free

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy>

The Office of Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization and no commercial support has been received for this activity.

TARGET AUDIENCE

This knowledge-based course is intended for Pharmacists (ACPE) and Pharmacy Technicians.

LEARNING OBJECTIVES

At the conclusion of this session, participants will be able to:

- Identify common diversion vulnerabilities throughout the compounding process.
- Discuss practical strategies to prevent and recognize diversion.
- Review DEA regulations as they relate to compounding controlled substances.

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, attend the live program, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

TECHNOLOGY REQUIREMENTS

Participants are encouraged to secure a direct connection for all webinar programming. Please arrange for access to a computer with stable internet connection. This program will be conducted live and includes interactive components.

PROGRAM FACULTY

Deepika Nayyar is an experienced pharmacy leader specializing in regulatory compliance, medication safety, and controlled substance diversion prevention within complex healthcare systems. Currently serving as Network Manager for Pharmacy Quality, Regulatory Compliance, and Accreditation at Hackensack Meridian Health, Deepika led the development and implementation of a comprehensive, system-wide Drug Diversion Prevention Program, integrating regulatory requirements, surveillance technologies, and multidisciplinary collaboration to strengthen controlled substance security and accountability. Deepika has extensive experience aligning pharmacy operations with state and federal regulations as well as accreditation standards, ensuring continuous survey readiness and risk mitigation across multiple facilities. A Board Certified Pharmacotherapy Specialist (BCPS) and Certified Diabetes Care and Education Specialist (CDCES), Deepika brings a strong clinical background in critical care, antimicrobial stewardship, and medication safety, supporting a proactive approach to diversion risk identification and prevention. Deepika's work continues to advance best practices in controlled substance management, patient safety, and regulatory excellence.

Karla Palmer serves as Director for Hyman, Phelps & McNamara. As a litigator with over 33 years' experience, Karla advises clients throughout the pharmaceutical supply chain – from manufacturers and distributors to outsourcing facilities, pharmacies and doctors – on a range of legal and regulatory issues. These matters include DEA and FDA regulations and guidance, government inspections and investigations, Form 483 observations, warning letters, consent decrees, and administrative and federal proceedings. She represents entities and individuals in matters involving their DEA registration, including investigations, orders to show cause, immediate suspension matters, hearings and federal appeals of the same. Karla is a nationally recognized leader in the compounding space, both for Section 503A and 503B facilities. She regularly counsels clients on all aspects of compliance with state and federal statutes, regulations and guidance. Karla has written about and addressed industry audiences across the country on DEA and FDA and compliance, including all aspects of the passage and implementation of the 2013 Drug Quality and Security Act including both compounding and supply chain issues, its guidance documents, and implementing regulations.

ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is **0001-9999-26-020-L03-P/T** and is intended for Pharmacists (ACPE)

Disclosures: There is no commercial support being received for this program. Mr. Nayyer, Mrs. Palmer and others in control of content have no actual or potential conflict of interest in relation to this program. No individuals in a position to control content for this activity have any relevant financial relationships to declare.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation.
