PROGRAM OVERVIEW

This session will focus on best practices in formulating a response and internal investigation plan in the face of a DEA investigation and pending enforcement action, including coordinating with outside counsel and consultants.

The registration fee for this program is Free

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy>

The Office of Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization and no commercial support has been received for this activity.

TARGET AUDIENCE

This knowledge-based course is intended for Pharmacists (ACPE)

LEARNING OBJECTIVES

After attending this presentation, the audience will:

1. Understand the legal obligations necessary to ensure compliance with a government subpoena.
2. Discover how to leverage outside counsel to conduct an internal investigation and ensure attorney-client privilege.
3. Learn how to work for "cooperation credit" while putting up a zealous defense.

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, attend the live program, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

TECHNOLOGY REQUIREMENTS

Participants are encouraged to use a direct internet connection for all webinar programming. Please ensure access to a computer with a stable internet connection that can reliably access program materials and complete course credit requirements.
